

From the bottom of Heart- Thanks giving to Esteemed Principal and Esteemed Teacher Mrs. Namitha

Esteemed Principal,

I am writing this letter to you to thank you and my daughter Mahisha's Teacher Mrs. Namitha (Nur-A) for given us confidence in the belief, Mahisha will be a good human in this World.

A First Teacher is like a second mother of the child and the first school is the second home for a child and we are in fact blessed to have a Teacher like Mrs. Namitha and the school like YARA. It is better to stay blessed rather than be lucky.

We have no words to thank her for all the wonderful experiences our child has gained through her entire academic classes. It had taken us for more than a day to think about how to thank her and from where, for what and in which order to thank her. Finally these are some of the most bringing beautiful reasons.

The reasons are,

- Bringing Mahisha out of Shyness.
- Teaching the emotions of Happy and Sad (Mahisha asked us to express happy and sad more than 100 times on the day she learned).
- Teaching about Good manners and Bad manners. (Mahisha makes sure we too follow that at home. She asks me to sit properly if she sees it's not the way I should be sitting).
- Teaching about Healthy food and Junk food. (Really happy when Mahisha said that Ice-cream is a junk food and not to eat).
- For her guidance for Red day Celebration, Mother's day Celebration, Saudi National day celebration and for Children's day celebration.
- For her Patience and caring about our child's health.
- Giving Stars for finishing the food completely.
- Giving confidence to speak loudly.
- Her efforts on Healthy week and co-ordination with parents to avoid confusion on contribution.
- Identifying my Daughter's Strength on extra-curricular activities and conveyed us to join Mahisha in a music class.
- For her nature, polite and the way she convey the message to the parents.
- For singing or teaching the rhymes to us over phone to teach our child in the same Rhythm at home.
- For Encouraging and motivating our children for the competitions and for each good things.
- Our special thanks for the guidance for Coloring competition (No white patches, No outline and coloring on same direction), for Clay Competition (Concept and ideas, Title) to improve Mahisha skill & Rhymes competition (Teaching stage manners and giving confidence to face the people) and she won First Prize in all the competitions.
- Teaching patriotism (Feel proud when my daughter sings National Anthem with correct Phonetics).
- For improving her skills on communication, self-confidence, friendly, cleanliness helps and mixes freely. (It makes us speechless moment when she got Star (ALWAYS) on her second Evaluation report).
- For Teaching Discipline.
- And For millions and millions of reasons...

Finally, I would like to say confidently that Wherever Mahisha goes in her life and whatever level she achieved, she would remember you and her school since they are the reasons behind it.

Once Again thank you for your Dedication and support.

Yours Faithfully,

Mr. & Mrs. Rajapandi.
