Dear Madam,

By the grace of Allah, I believe my daughter will be promoted to Grade – III by next month, during this time I would like to sincere thanks to the Class teachers crew which lead by Madam. Ruksana and all other supporting staff's who's part of my daughter education & self-development.

I worried a year ago, how my daughter cope-up with the new atmosphere with the limited language skill, Alhamthulillah she developed a lot which am witnessing on a daily basis. It happened with the great effort of her teachers & management.

I feel satisfied with my decision, I admit my daughter in the right school and Insha Allah I will admit my son to the same school by the start of September-19.

I strongly believe my daughter will perform a better way in future grades with the support of Teachers crew.

Looking forward to your usual support

Thank you
Cheers

Best Regards,
