

Dear Parents,
Greetings from the School Management!

As part of the school's ongoing efforts to enhance the overall learning experience of students and to provide structured academic guidance for diverse future pathways, we would like to inform you about an upcoming orientation and presentation session being organized during the Parent-Teacher Meeting on **Saturday, 31st January 2026.**

About the Session

- The session will be conducted by **PhysicsWallah Gulf (PWG)**, a leading EdTech organization from India.
- PWG will introduce the **School Integrated Program (SIP)** for students of **Grade VII – XI**, Yara International School.

About PhysicsWallah

- A reputed EdTech organization from India, known for its focus on quality and accessible education.
- Supports school academics and competitive examination preparation through structured academic programs.
- Has an established presence in the Middle East with multiple centres and School Integrated Programs.

Regional Presence:

- Physics Wallah has 10 centres in the UAE, 4 centres in Saudi Arabia, 2 centres in Oman and 2 SIP programs in Qatar, catering to 5,000+ students enrolled across online and offline programs in the Middle East.
- The two SIP programs enrolled nearly 800 students in the previous academic year.

What do you get under the School Integrated Program (SIP)

The School Integrated Program is designed to work in alignment with **regular school academics**, supporting students who aim to:

- Prepare for competitive exams in India and abroad such as Olympiads, JEE, NEET, and other entrance examinations for both India and Abroad.
- Build strong academic foundations and subject depth required for undergraduate studies abroad.
- Develop analytical thinking, problem-solving skills, and academic discipline through a structured approach.
- Schooling and Coaching both under one roof together which solves the hassle of time management and gives the student excess opportunity to enhance overall skill development and more time for preparation.

During the session, parents will gain clarity on:

- The structure and academic approach of the SIP model.
- How integrated academic programs complement school learning without overburdening students.
- How early and planned preparation supports both Indian and international higher education pathways.

Parents are encouraged to attend this session to understand the steps being planned by the school to further enhance the learning experience for students, whether they plan to pursue higher education in India or abroad.

Session Details:

- **Time:** 11:45 am to 1:15 pm
- **Venue:** Yara International School, **Auditorium** – Boys Section
- **Applicable for:** Parents of Current **Grades VII to XI**

We look forward to your participation.

Warm regards,

Mrs. Aasima Saleem
Principal
Yara International School
